Description:

As a Blockchain Development Intern, you will work closely with the consulting and development teams, where you will be responsible for a range of tasks, including designing, implementing, and testing blockchain solutions. You will have the extraordinary opportunity to learn from experienced professionals who will provide mentorship and guidance throughout the internship. With this internship, you will gain valuable experience in blockchain development, smart contracts, and teamwork – all essential skills for a successful career in this field.

Responsibilities:

- Assist in the design and implementation of blockchain solutions and smart contracts
- Collaborate with cross-functional teams to gather requirements and develop solutions
- Conduct research on emerging blockchain trends, technologies, and platforms
- Participate in code reviews and contribute to the improvement of development processes
