Description:

As a Data Analysis Intern, you will work closely with the analytics and consulting teams, where you will be responsible for a range of tasks, including data collection, data cleaning, and statistical analysis. You will have the extraordinary opportunity to learn from experienced professionals who will provide mentorship and guidance throughout the internship. With this internship, you will gain valuable experience in data analysis, data visualization, and teamwork – all essential skills for a successful career in this field.

Responsibilities: Collect, clean, and analyze data from various sources to support consulting projects

Assist in the development of data models and statistical analysis to identify trends and insights

Collaborate with cross-functional teams to gather and analyze data

Create data visualizations and dashboards using tools such as Tableau or Power BI

Present findings and insights to the consulting team and contribute to project reports#J-
