Lead Designer Jobs in Dubai | Arena Middle East Careers

1- Lead Designer

Job: Full Time

Location: Dubai, UAE

Description:

Lead the entire design process and work stream from taking the brief, to defining the design vision for the concept and guiding the design team through developed and technical design phases and the ensuring the design vision is held through delivery of any temporary event structures, and hospitality interior design projects.

Job Responsibilities:

Clear design lead on allocated projects, defining and holding the creative vision under the guidance of the Design Director.

Responsible for proposing interior design solutions and ensuring the team stay on track with the design vision.

Co-ordinate and oversee the entire interior design process from brief taking to development of design concept through technical design phase to onsite execution.

Main point of contact on design for the client, Arena departments and any relevant consultants during all stages of the design and build.

Job Requirements:

Skilled interior designer/architect with a passion for modular, sustainable architecture and interior design for hospitality, events or exhibition/retail design.

Quick thinker, with lots of ideas.

Organised, thorough multitasker with a strong eye for detail.

10+ years experience in interior design or interior architecture for event/exhibitions or hospitality projects.
