Desired Skills and Experience

Applicants should possess an M.Sc. or equivalent degree in Computer Science or related disciplines from an accredited institution, along with a minimum of three years of teaching experience. Preference will be given to candidates with educational backgrounds from, or prior service in, distinguished higher education institutions.

The successful candidates will join a vibrant and forward-thinking department with a focus on cutting-edge research and excellence in education. We are seeking lecturers in Computer Science to contribute to our academic mission. Responsibilities include teaching undergraduate courses at the 100 and 200 levels and actively participating in the academic community. Courses expected to be taught by successful candidates include, but

are not limited to: Python Programming Language, Object-Oriented Programming (with Java), Principles of Computer Science, and an introductory course in Data Science/AI. Competitive remuneration and comprehensive employment benefits are offered.

Don't miss out on this exciting opportunity – apply now at dubaiofferz.com
