## Linux Server Software Engineering Manager Jobs In Dubai | Canonical

### About the job

The Partner Engineering team works with the leading silicon companies to optimise Ubuntu to get the most from each new chip. Our goal is to collaborate with specialist engineers from our partners to integrate next-generation features and performance enhancements for upcoming hardware, while also ensure a common operating experience for their users.

### Requirement

As a Partner Engineering Manager at Canonical you will lead an engineering team that works across the full Linux server stack from kernel to AI workloads, to optimise Ubuntu for the latest silicon. You will manage relationships with our key technology partners by ensuring timely delivery on agreed project milestones.#J-18808-Ljbffr
