The Short Term Maintenance Planner must ensure that all required line maintenance work is scheduled and completed in a timely manner.

To be successful as an Maintenance Planner you should have a firm understanding of math and science, a deep social, economic, and cultural awareness, and an enthusiastic fondness for teamwork. Ideal candidates will display an ability to comprehend complex systems, identify the sources of any problems that arise, and decide on which actions to take to fix them.#J-18808-Ljbffr
