Manager – Strategy & Operations FinTech Jobs in Dubai

[For More Top Organization Jobs Click Here](#)

Description:

A delivery platform with a high frequency essential use-case, millions of transactions and a large and growing regional ecosystem of customers, merchants and riders offers tremendous opportunities to embed financial services and commensurate challenges to conquer. Looking for a thoughtful, committed individual to support this effort in a role that can offer a wide scope across strategy and operations within our fintech team. The strategy & operations manager will work closely with the head of fintech at talabat in driving and executing the company's fintech strategy.

Job Responsibilities:

Building and optimizing talabat's fintech strategy in the MENA region

Act as the key resource to manage strategy-to-execution at talabat

Support in P&L management for the fintech vertical

Evaluating internal and/or external opportunities in line with our strategy, and project managing execution

Working closely with key stakeholders within talabat and Delivery Hero

Job Requirements:

5+ years experience in Strategy, Partnerships, Consulting or Operations roles at a tech, e-commerce or fintech company

Understanding of fintech stream preferred, or ability to quickly adapt to complex concepts

Solution oriented with a high sense of ownership and urgency
