### Manufacturing Technician | Baker Hughes Dubai | [Apply Now](#)

Our Oilfield Services Team is assembling and testing the latest products of oilfield equipment which is beating heart of our work.

We collaborate with our development teams in science, mechanical and electrical engineering, physics, geoscience, to develop innovative drilling tools.

Partner with the best

As a Manufacturing Technician II, you will be responsible for:

Troubleshooting, testing, and Full Rebuild OTK/AZI/LTK electro-mechanical assemblies

Reviewing the accuracy of procedures for the assembly/disassembly and checkout of instrumentation

Configuring test stations and systems

Interpreting test data from environmental test and troubleshooting equipment problems

Assisting in the set-up of experiments and the recording of experimental data

Testing and evaluating the performance, and if required, repairing general purpose test equipment

Fuel your passion

To be successful in this role you will:

Have at least 3 years of experience in Drilling Services Manufacturing/AMO Plants

Have a Technical Diploma

Have advanced skills on soldering and assembling of electro/mechanical devices

Be proficient in the use of multimeters, meggers, hi-pot testers, and other basic instruments.

Have the ability to read, interpret blueprints, wiring diagrams, assembly prints, and parts lists

Have strong communication and inter-personal skills

Show good problem-solving and analytical skills, with the ability to identify and implement improvements

Have Re-build experience with OTK/AZI/LTK electro-mechanical assemblies
