

Marine Pipe Fitter

[Apply Now](#)

Company: Ateca Consulting

Location: Al Ain

Category: healthcare-practitioners-and-technical

Job Opportunity: Marine Pipe Fitter

Location: United States

Are you a skilled Marine Pipe Fitter with a passion for contributing to the construction of marine vessels? We're seeking a dedicated professional to join our team in the United States.

Key Responsibilities:

- **Blueprint Interpretation:** Read and interpret blueprints, technical drawings, and piping diagrams to understand the layout and specifications of piping systems on marine vessels.
- **Material Preparation:** Select and prepare the appropriate types and sizes of pipes, fittings, and other components for installation based on project requirements.
- **Fabrication Skills:** Cut, bend, and shape pipes using specialized tools and equipment to fit the specific design and requirements of the vessel's piping systems.
- **Installation and Assembly:** Install and assemble pipes, valves, fittings, and related components to create functional piping systems that meet industry standards and regulations.
- **Quality Assurance:** Conduct pressure tests and inspections to ensure the integrity and proper functioning of installed piping systems.
- **Collaboration:** Work closely with other members of the marine construction team, including welders, engineers, and supervisors, to coordinate installation activities and ensure project deadlines are met.

- Safety Compliance: Adhere to safety protocols and guidelines to maintain a safe working environment and prevent accidents during pipe fitting operations.

Qualifications:

- Previous experience as a marine pipe fitter.
- Proficient in reading and interpreting blueprints and technical drawings.
- Strong fabrication skills with the ability to cut, bend, and shape pipes.
- Knowledge of marine construction practices and industry regulations.
- Ability to conduct pressure tests and inspections for quality assurance.
- Excellent collaboration and communication skills.

If you're ready to contribute to the construction of marine vessels and thrive in a challenging yet rewarding environment, we want to hear from you!
