Description:

Nestlé is looking for a Market Nutritionist – NHW to drive the translation and deployment of nutrition science and knowledge to guide product innovation & renovation, and consumer relevant communication.

Job Responsibilities: Act as Nutrition Business partner (co-pilot) for guiding product category(-ies) I&R and brand nutrition communication by translating nutrition science and target population nutritional needs.

Inspire nutrition, dietary & dietetics dimensions into business category strategy.

Interpret/evaluate available knowledge and nutrition science to guide business partners and product developers.

Provide credible & timely technical assistance, nutrition guidance for business / product category under responsibility. Ensure knowledge transfer of NHW solutions to market

Application Group.

Responsible for market products/portfolio NHW KPIs deliverables

Job Requirements: University Degree in Nutrition/Dietetics, Life science, Food science and technology with nutrition specialization (Masters or PhD would be an added advantage)

1 – 3 years of work experience in academia, industry and/or public health nutrition organizations.

Works with on need based general supervision and guidance.

Demonstrate solid mastery of standards, and practices as defined for the function, and in the scope of the role / specialty and can train others on nutrition.#J-18808-Ljbffr
