

## Mechanical Design Engineer- Hydraulics Engineering

[Apply Now](#)

Company: GHD

Location: abu dhabi

Category: other-general

**Educational Background:** A bachelor's or master's degree in mechanical engineering.

**Professional experience:** A minimum of 5 years of experience in Mechanical engineering, with a focus on designing hydraulic systems including drainage, water supply & firefighting for various applications and a Proven track record of successfully completed hydraulic engineering projects. Proficiency in hydraulic modeling software and tools including Revit, Autocad & Elite softwares. In-depth knowledge of fluid mechanics, pipe flow, pump selection, and hydraulic system design. Familiarity with stormwater management, water distribution systems, and wastewater systems. Knowledge of local and international codes and standards related to hydraulic engineering. Experience ensuring projects comply with relevant regulations and permitting requirements. Basic knowled of HVAC related works including HAP calculation. Report writing expertise.

#J-18808-Ljbffr
