Mechanical Engineer job vacancy in Dibba-EI-Fujairah UAE Mechanical Engineer job vacancy in Dibba-EI-Fujairah UAE Job Title: Mechanical Engineer Location: Dibba-EI-Fujairah, United Arab Emirates Salary: AED 1200 per month We are currently looking for a qualified and experienced Mechanical Engineer to join our team in Dibba-EI-Fujairah, United Arab Emirates. The successful candidate must possess a strong technical background in mechanical engineering and have a proven track record of successful project delivery. The position requires an individual who can work independently and collaboratively with other engineers and technicians to ensure the successful completion of projects. The ideal candidate must hold a Bachelor's Degree in Mechanical Engineering or equivalent qualification, with at least 5 years of experience working as a mechanical engineer in the UAE. We will consider an immigrant for this role provided that they have the necessary qualifications and experience. The primary responsibility of this role is to design, develop, analyze and implement mechanical systems for various projects. This will include designing components, conducting performance tests, troubleshooting issues, optimizing components and systems for better performance and finding cost-effective solutions to problems. The engineer will also be expected to provide technical support during installation, operations and maintenance activities. The successful candidate should possess excellent problem-solving skills, strong communication skills and be able to work under pressure to meet tight deadlines. Proficiency with AutoCAD software is essential for this role. If you believe that you are the right candidate for this role then please submit your CV for consideration by our team. This job has no reviews yet. You can be the first! Job vacancy here in Canada free visa and flight
