Mechanical Engineer Electrical Engineer Civil Engineer Electronics Engineer

[Apply Now](#)

Company: Sarvesh Enterprises

Location: United Arab Emirates

Category: healthcare-practitioners-and-technical

Wanted Engineer to work abroad

Qualification : BE Mech , Civil , Electrical & Electronics

Location : Saudi Arabia , Dubai , Singapore

Salary : 60K to 1L

As a mechanical engineer, you will be responsible for designing, developing, testing, and overseeing the production of mechanical devices, tools, and machines. You will apply engineering principles to solve technical problems, innovate, and contribute to the creation of products across various industries

As a Civil Engineer, you will play a pivotal role in planning, designing, and overseeing the construction and maintenance of infrastructure projects. You'll utilize your expertise in engineering principles to ensure the successful completion of various civil engineering projects.

As an Electrical Engineer, you'll be responsible for designing, developing, testing, and overseeing the installation of electrical systems and components. Your role will involve applying principles of electrical engineering to innovate, troubleshoot, and ensure the efficiency and safety of electrical infrastructure.

As an Electronics Engineer, you'll be responsible for designing, developing, and overseeing the production of electronic systems, components, and devices. Your role involves applying

principles of electronics to innovate, troubleshoot, and ensure the efficiency and functionality of electronic systems.
