Join Our Team as a Media Search Analyst in the United Arab Emirates!

Are you an iOS device owner and user? Are you located in the United Arab Emirates? Do you have a passion for Music, Video, and Apple products? Then we have an exciting remote opportunity for you!

Job Summary:

We are hiring freelance Arabic speaking Media Search Analysts for a project aimed at improving Siri, Music App, Video App Store, and HomePod experiences. The job would suit someone who is detail-oriented and has an interest in Apple Products.

The role is remotely based, providing the convenience of working from home with flexible hours, and allowing you to work in your own time whenever work is available. This role offers you the chance to contribute to a global tech giant. You will be completing research and evaluation tasks in a web-based environment. The project offers a variety of tasks, and work is paid per task.

Main requirements:

Full professional fluency in English & Arabic is required

You must be living in the United Arab Emirates for at least 1 year

Familiarity with Apple Products, must currently own an Apple Device and have an up to-date Apple ID account primarily linked to your initial registration

Must have an email address associated with an Apple ID

Access to a broadband internet connection, computer, and necessary software (provided at your expense)

Other Requirements:

Strong attention to detail and excellent communication are essential

Ability to work independently and flexibility to new techniques/processes

A keen interest in Internet research

Preferred level of education/certification - High School degree or higher (Further opportunities may arise to contribute to other tasks on a freelance basis)

Successful completion of online evaluations demonstrating the ability to follow guidelines

Working on this project will require you to go through a standard recruitment process (including passing an open book assessment). This is a long-term project and your work will be subject to quality assurance checks.
