MEP Design Engineer Abu Dhabi, UAE 20000 AED per month + benefits + performance bonuses My client are a International design and engineering consultancy and they are looking to recruitment an experienced MEP Design Engineer with a minimum of 10 years' experience working on various small to medium sized projects in Abu Dhabi, UAE. Responsibilities: Candidates will be designing both Mechanical and Electrical systems. Reporting to the Design Manager Preparing MEP drawings, specifications and bills of quantity. Bachelor's degree in Mechanical or Electrical Engineering Both experience of designing Mechanical & Electrical systems but bias in Mechanical 10-12 years' experience, 3 to 5 in UAE Experience of working for leading engineering consultancies Good English speaking skills both spoken and written About The Company Engage was formed in 2007 in response to frustrations at the level of service delivery offered by traditional large recruitment agencies working in the construction market. With a belief in providing a truly knowledgeable, precise and quality driven service, Engage strives to offer a recruitment experience to both employers and candidates that is unrivalled in the marketplace. We provide precision staffing solutions, including contingency and executive search, within the construction and commercial marketplaces. Our enduring relationships with market leading organisations in the region and overseas means we have access to the best candidates and the best vacancies.
