

Merchandiser

[Apply Now](#)

Company: Millennium Fashions Industries Ltd

Location: Sharjah

Category: healthcare-practitioners-and-technical

Company Description

Millennium Fashion Industry is a leading garment manufacturing and supplier company specializing in women's, kids, and menswear. The company is dedicated to providing exceptional products that meet their clients' fashion needs with a strong focus on quality, innovation, and style. Building long-term relationships based on trust, reliability, and customer satisfaction is also a top priority. Millennium works closely with their clients to align their garments with brand image and meet specific requirements.

Role Description

This is a full-time, on-site role for a Merchandiser. The Merchandiser is responsible for managing relationships with suppliers and vendors, creating and implementing merchandising plans, monitoring and analyzing sales performance, and forecasting trends. The Merchandiser will also work closely with retail and marketing departments to develop effective strategies for increasing sales and profitability.

Qualifications

Excellent communication and customer service skills

Experience in sales, retail, and marketing

Strong analytical and problem-solving skills

Ability to work effectively in a team environment

Proficient in Microsoft Office, specifically Excel

Experience in the fashion industry is a plus

Bachelor's degree in Business Administration, Marketing, Fashion Merchandising, or related field
