[Apply Now](#)

Company: Black Pearl Consult

Location: abu dhabi

Category: other-general

The job posting is outdated and position may be filled. Our client, a premier medical facility, is currently looking for a Nurse Manager Outpatient with experience handling Orthopedic cases, to be based in Abu Dhabi. In this role, you will serve as the nursing leader for areas of responsibility. Utilizes both clinical and leadership skills to supervise the nursing staff to ensure that appropriate patient care delivery is provided. Acts as a steward for management and development of nursing practice, nursing retention, recruitment, employee performance evaluation, quality management and improvement for assigned areas. Other responsibilities include: Collaborates with the Chief Nursing Officer, Nurse Directors, and other nursing department leaders in the development of the strategic plan for nursing. Coordinates the development of unit and individual staff goals and objectives reflective of corporate and departmental planning. Participates in the annual budget development of areas of responsibility to achieve optimal fiscal performance. Monitors patient outcomes to ensure appropriate patient care and patient safety. Ensures staff has appropriate training and can demonstrate identified skills to provide optimal patient care. Fosters the development of effective interdisciplinary teams to enhance coordination of patient care on the nursing units. Coordinates the development and implementation of safe patient care guidelines, policies, and procedures based on nursing standards of care, accreditation requirements, and regulatory standards. Promotes independence by facilitating patient and family education opportunities that meet patient goals regarding wellness, medical condition, medication management, and self-care. Develop and implement a consistent and successful communication model with staff using appropriate tools to enhance employee engagement,

fulfilment, and satisfaction Collaborate with nursing executive leadership to implement and monitor corporate, departmental, and unit-based process improvement initiatives. Manage, guide and assist direct reports to perform their functional operations in accordance with set operational plans, policies and procedures. Set performance objectives, provide support, evaluate team members, and provide regular feedback on performance. Requirements To be considered, you need to meet the following requirements: Bachelor s Degree in Nursing and an RN certification or equivalent is required. Master s degree in related area would be advantageous. With valid license from home country Eligible to work in Abu Dhabi; having HAAD license or any UAE license transferable to HAAD. At least 5 years of experience in Nursing, with at least 1-2 years of experience in a Supervisory or management position, in a day surgery centre / large hospital within Outpatient Department Willing to work in Abu Dhabi Willing to work for 48 hours in one week Willing to do on-calls / Overtime, if highly needed To be considered, you need to meet the following requirements: Bachelor s Degree in Nursing and an RN certification or equivalent is required.
