We are looking for a caring, dedicated nursery nurse to be responsible for the medical, educational, and psychological care of newborns, infants, and small children. The nursery nurse's responsibilities include providing medical care, infant care, guidance to parents, and encouraging the development of young children. The nursery nurse may work with obstetricians, gynecologists, and labor and delivery nurses to examine, treat, and monitor the health of newborns. You may work with physicians to treat illness and injuries in toddlers, and you may work with young children to offer them practical and emotional guidance and interaction.

Responsibilities:Offering medical care, such as dispensing medications, performing diagnostic tests, operating monitoring devices, assisting Physicians in surgeries and treatment administration, and consulting with the healthcare team to assess, implement, and evaluate patient care plans.

Providing infant care, such as holding and rocking babies, preparing bottles and feeding babies, changing diapers, and providing emotional support, physical comfort, and social interaction when the parents cannot be present.

Recording medical information and maintaining accurate patient records.Requirements:A bachelor's or associate's degree in nursing and a registered enrsing license.

Advanced training and certifications in neonatal nursing, child care and development, or a related field.

Experience in the NICU may be advantageous.#J-18808-Ljbffr
