Operations Manager Aluminum Glass Industry Sharjah UAE

[Apply Now](#)

Company: Itineris RBS

Location: sharjah

Category: other-general

Oversee the day-to-day operations of the manufacturing facility, ensuring optimal production output and efficiency. Collaborate with production teams to streamline workflows, minimize downtime, and improve overall operational effectiveness. Monitor and analyze production KPIs to identify areas for improvement and implement corrective actions. Implement and enforce quality control measures to ensure that products meet or exceed industry standards and customer expectations. Work closely with the Quality Assurance team to develop and maintain quality assurance protocols throughout the production process. Coordinate with the procurement team to ensure timely and cost-effective sourcing of raw materials. Optimize inventory levels and manage relationships with suppliers to ensure a steady supply chain. Lead, mentor, and motivate the operations team, fostering a culture of continuous improvement and accountability. Conduct regular performance reviews and provide professional development opportunities for team members. Implement and enforce safety protocols to ensure a secure working environment. Conduct regular safety audits and train employees on safety procedures. Identify opportunities for process improvement and cost reduction. Implement lean manufacturing principles and technologies to enhance operational efficiency.
