Operations Supervisor | Amazon Abu Dhabi

Amazon is guided by four principles: customer obsession rather than competitor focus, passion for invention, commitment to operational excellence, and long-term thinking. We are driven by the excitement of building technologies, inventing products, and providing services that change lives. We embrace new ways of doing things, make decisions quickly, and are not afraid to fail. We have the scope and capabilities of a large company, and the spirit and heart of a small one.

We're expanding our team within Amazon Logistics! If you're interested in joining a business where you can have fun, achieve amazing results and put smiles on people's faces, this could be the role for you. You will oversee the shift management in one of our first mile fulfillment centers, middle mile sortation centers or final mile delivery stations. Our Operations Supervisors drive the pulse of our operations on the ground and play a key role in getting our customers' orders out to them in every step of the chain.
