Description:

We are looking for an Ophthalmologist to join our team and help our patients with traumatic eye injuries, diagnosing eye ailments and conducting various procedures related to the eyes.

Ophthalmologist responsibilities include working with patients to understand their medical needs, prescribing corrective lenses and performing laser surgery as needed. Ultimately, you will work directly with patients to diagnose and help treat various eye care issues.

Responsibilities:

Ensure high-quality patient care

Work with a multidisciplinary team, including other doctors and staff

Conduct routine eye examinations

Perform tests on patients

Instruct interns, residents or others in ophthalmologic procedures and techniques

Stay up to date with trends in the care, diagnosis and treatment of eye disorders

Develop or implement plans and procedures for ophthalmologic services

Requirements:

Proven work experience as an Ophthalmologist or similar role

Expert working knowledge of the diseases, functions and anatomy of the eye

Strong physics and math skills with excellent medical knowledge

Good administrative and managerial abilities

Excellent hand-eye coordination

Relevant training and/or certifications as an Ophthalmologist
