Ophthalmologist Specialist

[Apply Now](#)

Company: SearchPlus HR Dubai

Location: Dubai

Category: healthcare-practitioners-and-technical

We are seeking a skilled and compassionate Ophthalmologist to join our team and provide specialized eye care to patients.

As an Ophthalmologist, you will play a crucial role in diagnosing and treating eye ailments, performing procedures, and addressing traumatic eye injuries.

Your responsibilities will involve closely working with patients, understanding their medical needs, and offering appropriate treatments, including prescribing corrective lenses and performing laser surgeries when necessary. By working directly with patients, you will have the opportunity to diagnose and treat a wide range of eye care issues.

Join our team and contribute to improving the vision and overall well-being of our patients.

Responsibilities

Ensure high-quality patient care

Work with a multidisciplinary team, including other doctors and staff

Conduct routine eye examinations

Perform tests on patients

Instruct interns, residents or others in ophthalmologic procedures and techniques

Stay up to date with trends in the care, diagnosis and treatment of eye disorders

Develop or implement plans and procedures for ophthalmologic services

Requirements

Requirements and skills

Proven work experience as an Ophthalmologist or similar role

Expert working knowledge of the diseases, functions and anatomy of the eye

Strong physics and math skills with excellent medical knowledge

Good administrative and managerial abilities

Excellent hand-eye coordination

Relevant training and/or certifications as an Ophthalmologist
