Pathology Specialist/Consultant | SearchPlus HR Dubai

Established in 2010, SearchPlus' main business focus is in Executive Search and Selection. We start by having a deep understanding of our clients' industries, business processes and operational requirements. Thereafter, we assist HR managers in fulfilling their requirements for key talent and executives through our comprehensive resume database and own direct searches by short listing and identifying the best possible talent for their organizations. We represent clients from a wide spectrum of industries both local and MNC's. Our successful recruitment track record has distinguished ourselves.

We are looking for an experienced pathologist to be responsible for performing tests, laboratory work, and pathological research. Your duties will include analyzing bodily fluids and tissue samples to study, diagnose, and treat disease. You will work in various medical settings and carry out research and patient tests in order to assist fellow medical professionals in their diagnoses.

Pathologist Responsibilities

Performing specimen analysis by using laboratory tools and equipment, in order to study samples and perform tests to accurately analyze bodily fluids and tissue specimens.

Looking for abnormalities in samples that evidence disease and conveying this information to the relevant medical practitioner.

Using checklists, medical software, and retesting to get thorough and precise results.

Suggesting potential treatment options.

Writing pathology reports detailing specimens tested, results of tests, and the final diagnosis.

Undertaking research to improve identification and testing methods and finding innovative ways to treat disease.

Staying up to date with developments in the fields of pathology and medical practice.

Pathologist Requirements

Bachelor's degree.

Specialist degree.

Current active license in your country of practice.

Experience using lab testing equipment, such as microscopes and flow cytometers.

Working knowledge of medical data management software, including MEDITECH Anatomical Pathology, PATHLOGIX, and ASPYRA CyberLAB.

Exceptional analytical and research skills.

Strong oral and written communication skills.

Don't miss out on this exciting opportunity – apply now at dubaiofferz.com
