We are looking for a qualified pharmacist to assist customers by interpreting symptoms and providing immediate treatment or to successfully refer customers to a suitable physician.

You will also prepare pharmaceuticals by reviewing and interpreting physicians' directives and detect any therapeutic incompatibilities.

Responsibilities:

Compounding and dispensing medications, as prescribed by physicians.

Monitoring customers' drug therapies, advising interventions, and informing customers of any potential side effects.

Instructing customers on how and when to take prescribed medications.

Conducting health and wellness screenings.

Providing immunizations, and other medical services, such as taking blood pressure, temperature measurements, and checking blood sugar levels.

Requirements:

Bachelor's degree in pharmacy or pharmacology.

Proven experience as a pharmacist.

Valid license to practice as a pharmacist.

Detailed understanding and knowledge of dosage requirements and administration, chemical compounds, and pharmaceutical brands.
