We are searching for a well-organized self-starter with great attention to detail to join our team as the new planning engineer. Day-to-day responsibilities include drawing up work schedules and budgets, delegating tasks, analyzing project specifications and finding cost-effective ways to meet them, liaising with contractors and suppliers, managing resources, and communicating with surveyors, managers, and other engineers. You should be able to analyze data, write reports, and deliver presentations to various stakeholders.
