Company: Anantara

Location: Dubai

Category: healthcare-practitioners-and-technical

### Job Description

You will responsible to complete activities on the preventive maintenance schedule as specified in hotel plans, to clean all work areas after finishing the tasks properly and look after all the tools supplied by the Hotel in a professional manner, and correctly maintain and deposit them after finishing the shift. We also want you to actively participate in the energy conservation programs of the Hotel and to suggest cost saving ideas as and when possible, not limited to the Engineering Department.

### Qualifications

- Must have the appropriate documented training from a technical/vocational institute.
- One year operating experience in a hotel engineering department.
- Good civil or plumbing knowledge.
