Podcast Manager, Amazon Music | Amazon Jobs in Dubai 2022

Description:

We are seeking a Podcast Manager to support our expansion into Podcasts across editorial, content operations and innovation across MENA. As a Podcast Manager for the region you'll be responsible for supporting all things podcasts on Amazon Music.

Responsibilities:

Programming: contribute to building a long-term podcast content calendar for MENA.

Work collaboratively with marketing and channel teams to curate podcasts in-app and in other placements across Amazon and Amazon Music.

Act as a trusted editorial voice on podcasts in the region and to the wider Amazon Music business.

Requirements:

Experience in podcast, audio or other comparable industries

Proficient knowledge and understanding of the MENA market segment, ideally with focus on editorial, curation, or marketing in the podcasts, audio or other comparable industries

Experience using content management systems, and technical or operational experience working with RSS feeds and content catalogues
