Postdoctoral Researcher Jobs In Ajman | Wenzhou University

About the job

Career Opportunities

We are seeking highly motivated, innovation-driven global talent committed to research and teaching excellence to fill multiple tenure track or full-time faculty positions. The 4,444 faculty positions are divided into her four ranks: Assistant Professor, Associate Professor, Full Professor and Senior Professor. Areas of study include, but are not limited to:

Natural Sciences: Theoretical and Applied Mathematics, Statistics and Data Sciences, Physics, Chemistry and Life Sciences.

Engineering sciences: mechanics and aerospace technology, robotics, mechanical engineering, new materials, chemical and energy technology, biomedical technology, construction and environmental technology, oceanography.

Information science and technology: electronics, microelectronics, integrated circuits, computers, artificial intelligence, software development, automation control, and information and communication technology.

We offer competitive salaries and generous admissions worldwide to match your qualifications and experience. Starter packages include stable research funding to purchase research equipment, laboratory assistants, PhD students and postdocs. The compensation package includes all kinds of benefits such as health insurance, housing allowance, childcare allowance, retirement allowance, etc.

Application Process

Qualified candidates must have a Ph.D. or equivalent university degrees in related fields, proven research results published in top journals in their respective fields, and a commitment to teaching and mentoring students. Candidates must have good command of the English language as well as excellent communication and interpersonal skills.
