Trust Wallet is a decentralized, multi-chain mobile wallet loved by millions for its speed, security, and ease of use. Trust Wallet provides a secure wallet to send, receive, stake, and store more than one million cryptocurrencies on 68 blockchains, including Ethereum and EVM chains, Solana, Polkadot, etc. – making it the world’s most inclusive, chain-agnostic decentralized wallet. We are looking for someone who will have the vision to design the gateway experience for web3 world and scale it to hundreds of millions of users.

Responsibilities

You will own the short and long term growth roadmap — being accountable for our developer ecosystem and B2B growth.

Take new initiatives from ideation to customer validation, prototyping, and production.

Collaborate closely with our cross-functional team of engineering, marketing, partnerships, and customer support teams.

Create strategies based on customer insights, competitive analysis, and data.

Clearly communicate progress, priorities, and future plans across teams and externally with users, developers, and customers.

Apply Also: Network Inspector – Material Coordinator Jobs in Dubai | Transguard Group

Requirement

3+ years PM experience

Experience developing Mobile Applications

Extremely user and metric focused mindset

Experience establishing growth frameworks (measurement, testing) and processes to across teams.

Ability to establish clear prioritization frameworks and success metrics.

Knowledgeable and interested in Web3 space.

Collaborative and open minded.

Sharp written and verbal communication in English to both frame and explain concepts. Ability to thrive in uncertainty and challenges: proactive, hands-on, self-starter and perseverant.
