## Project Engineer Jobs In Dubai | Careers International

### About the job

As a Project Engineer in an Interior Decor organization, you will play a crucial role in the successful execution of interior design and decoration projects. You will be responsible for coordinating and managing various aspects of the project, including design implementation, procurement, construction, and quality control. Your technical expertise, project management skills, and attention to detail will contribute to the timely completion of projects while ensuring adherence to quality standards.

Requirements Bachelors degree in Engineering or a related field. A specialisation in Architectural Science or Interior Design is advantageous.

Proven experience as a Project Engineer or similar role in the interior decoration or fit out industry.

Min 5-8 years work experience in UAE in Interior decor sector

UAE driving license is mandatory

In-depth knowledge of construction methods, materials, and interior design principles.

Proficiency in project management software and tools for scheduling, budgeting, and documentation. #J-18808-Ljbffr
