Company: Donivia Overseas Private Limited

Location: United Arab Emirates

Category: healthcare-practitioners-and-technical

Call/WhatsApp: +91 8800453080

Location: Canada/New Zealand/Singapore/Ireland and UAE.

We are looking for project managers who want to live and work in Canada/New Zealand/Singapore/Ireland and UAE.

A project manager oversees different initiatives or projects of a business, monitors their progress and completion, and ensures that they meet the expectations of the clients.

Although a project manager usually doesn't need to perform the hands-on tasks involved in a project, he or she must possess some degree of knowledge with regards to the various aspects of a project.

From a construction project manager to an IT project manager or junior project manager to a senior project manager and everything in between, we've got a sample job description below you can use find the right applicant fast.

Project Manager Responsibilities:

Coordinating with cross-discipline team members to make sure that all parties are on track with project requirements, deadlines, and schedules.

Meeting with project team members to identify and resolve issues.

Submitting project deliverables and ensuring that they adhere to quality standards.

Preparing status reports by gathering, analyzing, and summarizing relevant information.

Establishing effective project communication plans and ensuring their execution.

Facilitating change requests to ensure that all parties are informed of the impacts on schedule and budget.

Coordinating the development of user manuals, training materials, and other documents as needed to enable successful implementation and turnover of the process or system to the clients.

Identifying and developing new opportunities with clients.

Obtaining customer acceptance of project deliverables.

Managing customer satisfaction within the project transition period.

Conducting post-project evaluation and identifying successful and unsuccessful project elements.

ERP project oversight.

Project Manager Requirements:

A bachelor's degree or master's degree in a related field.

Project Management Professional (PMP) certification is a plus.

Proven experience in project management.

Ability to lead project teams of various sizes and see them through to completion.

Strong understanding of formal project management methodologies.

Experience as a construction project manager, IT project manager, or ERP project manager.

Able to complete projects in a timely manner.

Understanding of ERP implementation.

Experience overseeing a construction project.

Budget management experience.
