

projector Manager engineer Aluminium and glass facades

[Apply Now](#)

Company: Delta Management Services

Location: United Arab Emirates

Category: healthcare-practitioners-and-technical

Project Manager is responsible for managing team members to support multiple façade consulting projects on wide variety of large scale buildings. The ideal candidate would be competent in AutoCAD, BIM, Revit, Adobe Design Suite (Illustrator, Photoshop, InDesign Etc.)and MS Office. Competency in other software such as Rhino, Catia and SOLID WORKS are highly desirable. Language skills must include fluency in English (verbal and written).

Qualified candidate that demonstrates diligence and management acumen shall have the opportunity to follow several career paths within our group of companies.

The work scope includes the following:

1. Review new projects and develop a finite estimate for man hours in concert with company Directors.
2. Collaborate with team within our large staff to support each assigned project.
3. Coordinate design and engineering with our staff designers and engineers.
4. Review client drawings, renderings and other documents prior to initiating submittal drawings.

5. Ensure that the administrative support is in place for timely client responses and follow up.
6. Maintain committed schedule durations.
7. Review all work product before submittal to the client.
8. Assemble monthly billings and re-estimates.
9. Maintain the highest level of customer engagement and service.
10. Strong interpersonal and team building skills.

Qualifications:

1. BE degree in civil engineering, architecture, product design or relevant field preferred.
2. Successful work experience in the façade industry for a minimum of 5 years.
- 3 Project portfolio of projects with primary responsibility for the façade elements.
