Media Relations: PR Managers interact with journalists, editors, and other members of the media to pitch stories, respond to inquiries, and arrange interviews or press conferences.

They strive to get positive media coverage for their organization.

Crisis Communication: Responsible for developing crisis communication plans and handling communication during times of crisis or negative publicity. They aim to manage and mitigate damage to the organization's reputation.

Content Creation: Create and distribute press releases, articles, and other written materials to convey the organization's message. This may also involve content for the organization's website, blog, and social media platforms.

Monitoring and Analysis: PR Managers monitor media coverage and social media trends to assess the public's perception of the organization. They use data and feedback to adjust PR strategies as needed.

Event Planning: Organize and manage events, such as product launches, press conferences, or community outreach programs.

Internal Communication: Responsible for managing internal communications within the organization, ensuring that employees are well-informed about company developments and initiatives.

Stakeholder Engagement: Building and maintaining relationships with key stakeholders, including investors, employees, and community members, is a crucial part of the role.
