## QHSE Manager

[Apply Now](#)

Company: AESG

Location: dubai

Category: other-general

Due to continuing success and growth of our AESG team, a fantastic opportunity has opened up at our award-winning Specialist Consultancy, Engineering and Advisory Firm. We are headquartered in London, Riyadh, Singapore and Dubai, working throughout the Middle East, Europe and Asia. Our areas of expertise are represented in four core verticals: Building Engineering, Planning and Infrastructure, Strategy and Advisory and Commissioning, Handover and Asset Management.

We pride ourselves in being leaders in the industry in each of the services that we offer. We have one of the largest dedicated team with decades of cumulative experience in sustainable design, fire and life safety, façade engineering, commissioning, building performance, waste management, environmental consultancy, carbon management and acoustics.

### Job Description

A QHSE (Quality, Health, Safety, and Environment) Manager is responsible for overseeing all aspects of an organization's quality, health, safety, and environmental management systems. Their primary role is to ensure that the company complies with relevant regulations and standards, implements best practices, and maintains a safe and healthy working environment for employees while minimizing environmental impact.

### Key Accountabilities and Activities:

Support the development and implementation of strategic QHSE plans, initiatives, and targets. Provide technical expertise on quality, safety, environment, welfare and health matters. Work closely with operations teams to deliver QHSE objectives. Provide assurance for QHSE programs, monitoring compliance and regional Key Performance Indicators. Ensure

QHSE audits are performed, results trended, and actions implemented that address root causes. Ensure HSE incidents are reported, investigated, lessons learned developed and actions implemented. Develop and deliver QHSE training. Develop and disseminate QHSE communications and information. Review HSE Plan, Procedure, Method Statement, Risk assessment & all Health, Safety & Environment related documentation to ensure compliance with established standards. Working with procurement and project teams to ensure effective sub-contractor QHSE pre-qualifications and management. Lead ISO certifications process (ISO 45001, ISO 14001, ISO 9001). Support obtaining necessary QHSE certifications in UK, Singapore, South Africa and KSA. Support the bidding team in completing QHSE questionnaires and information for the company. Maintains knowledge of jurisdictional, company and client HSE requirements and standards.

#### Qualification / Skills:

Bachelors Degree in QHSE field and/or equivalent. At least 10 years and above of related working experience. NEBOSH Certified. Certified Lead Auditor for ISO 45001, ISO 14001, ISO 9001. Excellent oral, written and interpersonal communications skills, adept at dealing with and engaging people at all levels. Skilled at establishing and cultivating strong relationships with peers; across different levels of the organisation and externally. Tech-savvy. Problem-solving aptitude. Critical-thinking skills.

#### Why join AESG?

AESG is a multidisciplinary specialist consultancy, offering a consultancy service and work environment like no other.

Through our world-class reputation for innovative thinking, pushing projects to outperform expectations through smart application of planning, engineering and architectural solutions, our project portfolio includes some of the worlds most forward-thinking and exciting new developments.
