Do you want to be a central part of driving growth at the world's leading maritime supplier of provisions and stores? Do you thrive in a fast-paced environment where your personal contribution can be felt immediately? And do you want to become part of a growing organization that strives to improve seafarer welfare every day by delivering on-time in-full? Shape a safer, healthier and more sustainable future. Join our QHSE team in Dubai! Play a pivotal role in safeguarding our company's Quality, Health, Safety and Environment (QHSE). Build and lead: a robust QHSE Management System. Drive a culture of safety: by implementing safe work practices across the organization. Provide expert guidance: ensuring compliance with regulations, contracts, and our Integrated Management System (ISO & HACCP). Continuously improve: our safety culture and performance. This position reports to the Warehouse Operations Manager. More specifically, your key responsibilities will be to: Develop, implement and improve QHSE management systems, processes and procedures to support business operations in accordance with ISO & HACCP Standards. Communicate information on the QHSE Management System throughout the organization and promote HSE awareness through various communication channels i.e. training, campaigns, flyers, discussions, emails etc. in consultation with all relevant departments. Prepare QHSE documentation for clients/projects as per the requirements and in consultation with the BM / Operations Team. Undertake QHSE inspections internally and with third parties (contractors) as per the approved inspection program of the company. Follow up on the preventive and/or corrective actions identified during the inspections and monitor the timely closing of the actions in coordination with other departments. Develop,

facilitate and review QHSE risk assessments for routine and non-routine activities in consultation with the operations team. Record QHSE key performance indicators on a monthly basis and issue reports as necessary. Suggest and advise changes to ensure continuous improvement on any additional effective KPIs to be added in the system as part of continual improvement. Actively participate in the HSE incident investigations and prepare required reports in consultation with management. Diligently perform any other reasonable work or related tasks at the request of the manager. Personality matters As a person, you are trustworthy, resilient, and possess a high level of business acumen to generate tangible value. You have a solution-oriented mindset, attention to detail and a structured approach. Qualifications & requirements Preferably, you have an educational background in a related business field, with at least 3 years of experience. Moreover, we expect you to have the following qualifications: Bachelor's degree in business or a related field. A deep understanding of the ship supply business, with experience in QHSE. Strong sense of business acumen, internal drive to succeed and communication skills. A very logical and methodical approach to problem solving. Do you want to be part of Wrist?
