

Quality Assurance Inspector (Fruits)

[Apply Now](#)

Company: Lobo Management

Location: Dubai

Category: healthcare-practitioners-and-technical

Lobo Management is currently recruiting on behalf of its client, a leading multinational FMCG company dedicated to delivering high-quality products to consumers worldwide. With a strong presence in the Middle East market, they are committed to ensuring the utmost quality and freshness in all our offerings. The company is currently seeking a meticulous and detail-oriented Fruit Quality Assurance Inspector to join their team. The selected candidate will play a crucial role in monitoring and maintaining the quality standards of their fruit products throughout the distribution process.

Key Responsibilities:

Monitor the quality and condition of all products received and stored in Distributors' Warehouses.

Prepare detailed QA reports, highlighting any deviations from specifications and standards, and communicate findings to relevant departments.

Conduct quality checks on products displayed in retail outlets across the UAE and other Middle Eastern countries as required.

Ensure adherence to QC parameters checklist and implement necessary corrective actions.

Oversee microbiological and environmental programs, including investigation and follow-up on any issues.

Review and update standard operating procedures or quality assurance manuals as needed.

Assist in the improvement of fruit care management practices.

Analyze quality control test results and effectively communicate findings to relevant stakeholders.

Direct the tracking of defects, test results, and other quality control data.

Undertake any additional tasks assigned by management to support company objectives.

Required Skills/Qualifications:

Candidate Requirements:

Bachelor's degree in Food Technology, Food Sciences, or Agriculture with a minimum of 3 years' experience in a similar role.

Experience with fresh produce is highly desirable preferably with fruits

Practical knowledge of HACCP implementation and the ability to develop HACCP plans.

Understanding of raw materials, production processes, and quality control techniques.

Proficiency in MS Office Applications (Excel and PowerPoint) for reporting and presentation purposes.

High level of stress tolerance, with the ability to perform effectively under time pressure and react calmly to issues as they arise.
