One of our Contractor clients is in urgent need of a number of Quantity Surveyors, for building projects across the UAE.

With current residential, mixed use, commercial and medical projects running in Dubai, Abu Dhabi and Al Ain we are keen to speak with either Quantity Surveyors already in the UAE, with the assumption of a NOC being forthcoming, or those who are looking to move to the region.

It's highly likely that you'll have a BSc, with further accreditations being highly desirable.

Our client is well know as a decent employer, so you can expect a proper market lead package.#J-18808-Ljbffr
