Company: Insight Global

Location: dubai

Category: other-general

Job Description \* Our large construction consulting firm is currently hiring for a Senior Project Manager of Rail and Transit to join their team in Philadelphia. This individual will be responsible for planning, directing and coordinating all activities pertaining to their assigned projects. Specifically, they will be working with state DOTs, doing state rail plans, handling all project/construction oversight for major rail projects, working on infrastructure studies, as well as federal transit administrative oversight work. This individual should have 7+ years of experience working with a railroad as well as an PE or PMP certification. Travel 1-2 times per quarter across PA is required.
