Description:

An opportunity has arisen for a Cell Lead for our Dubai MRO Seating Systems. This is an excellent opportunity to be part of a diverse team.

Job Responsibilities: Work closely with the Inspection team for process sharing and ensure all units are successfully transitioned for packing.

Manage the repair team to establish best in class TAT for seating overhaul.

Build intelligence on frequency and complexity of repairs for production planning.

Participate in shop and facility Continuous Improvement activities and initiatives. Implement lean operations.

Work with Technical Support Engineers to develop, interpret and rework aircraft parts in accordance with approved data.

Job Requirements: Typically requires a degree in Science, Technology, Engineering or Mathematics (STEM) unless prohibited by local laws/regulations and a minimum of 2 years prior relevant experience with specialized knowledge of technical or operational practices or in absence of a degree, 6 years of relevant experience #J-18808-Ljbffr
