Are you a finance systems expert and a seasoned auditor or controller? Do you prefer to get hands-on with day-to-day finance tasks, rather than delegating them to lower-level workers? When you find key discrepancies while auditing statements or reviewing business performance reports, do you insist on diving into the ERP system to find the key issue? Do you lean on AI tools, such as ChatGPT, to boost your productivity at work? If you answered yes to these questions, we are interested in meeting you.
