Resident Engineer Electrical | WSP in the Middle East Abu Dhabi | [Apply Now](#)

Bachelor's degree in Electrical Engineering or related field; Master's degree preferred.

Professional Engineer (PE) license preferred.

Minimum of 7+ years of experience in electrical engineering, with a focus on overhead transmission line projects.

Extensive knowledge of transmission line design, construction, and maintenance practices, including tower configurations, conductor types, and insulation methods.

Proficiency in relevant engineering software and tools, such as PLS-CADD, PLS-POLE, and AutoCAD.

Strong understanding of electrical power systems, including transmission, distribution, and substation components and operations.

Excellent project management skills, including the ability to develop and execute project plans, manage resources, and mitigate project risks.

Effective communication and interpersonal skills, with the ability to interact professionally with diverse stakeholders and build strong client relationships.

Leadership qualities, including the ability to inspire and motivate project teams, foster collaboration, and drive results.

Willingness to travel to project sites as needed and work flexible hours to accommodate project requirements.

Don't miss out on this exciting opportunity – apply now at dubaiofferz.com
