Resident Engineer Jobs In Abu Dhabi | Qawafi General Contracting

About the job

Contribute to the calculation of quantities in projects

Checking engineering plans for building projects

Checking invoices for interim and final projects

Contribute to receiving projects and preparing receipt reports

Studying the bids put forward in the municipalities and checking their procedures

Analyzing long-range plans, survey reports, maps, and other data to plan and design projects.

Calculating construction costs, government regulations, potential environmental risks, and other factors during the planning and risk analysis stages of a project.

Requirement

Use design software to plan and design transmission systems, hydraulic systems, and structures in compliance with industry and government standards.

Conduct or supervise surveys to establish construction sites, site layouts, reference points, grades, and elevations to guide construction.
