

## Resident Senior Associate Landscape Architect – Abu Dhabi

[Apply Now](#)

Company: Cracknell Landscape Design LLC

Location: abu dhabi

Category: other-general

Full Time | Experience: 15+ Years  
**Job Overview:** We are looking for a talented, creative, dynamic, and experienced Resident Senior Associate Landscape Architect to join our vibrant Abu Dhabi office. The role will assume the overall responsibility for the successful management and delivery of the Abu Dhabi office portfolio, including contributing towards the creative design direction, client management and new business development within the Emirate. This role may extend to supporting other Cracknell Studios on projects in other markets.  
**Primary Activities:** Provide senior level oversight to the Abu Dhabi design team and help define the creative design and style parameters for all projects delivered by the design team in coordination with the vision of the Group Design Director. Maintain an oversight of the Team's project management, time and resource management, and design direction. Keep an overview of all projects in progress, make the design decision as and when necessary and ensure that the "design direction" set at the inception of each project is followed throughout the project effectively, from design to construction. Closely oversee the financial management of the Team projects assuming the overall responsibility for the financial performance of the projects managed and delivered by the Design Team working under his/her direction. Ensure the company stays abreast of latest industry trends and advancements in creative design styles, and new approaches in design processes and technologies. Assume an active Business Development responsibility, working both on new client acquisition channels as well as securing repeat business by building and maintaining a strong relationship with existing clients. Assume overall responsibility for the day-to-day operations, admin, and office management of the Abu Dhabi office. Manage multiple

landscape design projects of varying complexity, size, and value. Lead project architects and designers to create functional, sustainable, and manageable landscapes. Possess a general familiarity with Authority Approval processes, including Authority Submissions and ESTIDAMA or similar. Review and challenge project work performed by other engineers/disciplines. Has sound skills in reading, writing and interpretation of technical drawings and documentation, specifications, reports, proposals, contracts and tender documents. Demonstrate excellent software skills in AutoCAD, Adobe Creative Suite, MS Office. Knowledge of Sketch-Up, Lumion, Revit, Rhino is an added advantage. Management and Corporate Competencies: Effective planning, organisational, and execution skills Project planning and resource budgeting Team leadership and people management Internal and external client and stakeholder management skills Position Requirements: Bachelor's degree/Postgraduate or equivalent in Landscape Architecture or Architecture CMLI or equivalent (preferred) 15+ years' experience on sizeable landscape design projects High proficiency in spoken and written English Previous experience with the Abu Dhabi Municipality would also be an advantage. All applications should be submitted by filling the form: (please state the level e.g. BA Hons Landscape Architecture) Do you possess experience working in this position or a similar position? No Yes What is your notice period? \* Available immediately 1 month more than 1 month Additional information (add a cover letter or anything you want to share) I agree to Cracknell Terms and Conditions and consent to my information being stored for the above purpose. Please have a look at our Privacy Policy for more information on how we use your data.
