Description:

Supports the Clinical Risk Manager in the operational delivery of the clinical risk management program. They will assist in the implementation and monitoring of the effectiveness of the risk management program within American Hospital Dubai. Thus, supporting organisational learning and ensuring American Hospital Dubai is meeting its regulatory and accreditation obligations.

Job Responsibilities:

Have a strong overview of the progress of incident and complaint investigations and ensure Director of Clinical Governance is informed of any issues or risks.

Support the process for reporting and updating information relating to patient safety incidents, complaints and near misses.

Champion and promote quality as a key focus when reviewing the learning from incidents and complaints to improve patient outcomes and effectiveness of care.

Analyze complex information from claims, incident, and complaint investigations to establish appropriate action plans to bring about positive change.

Job Requirements:

Healthcare degree or equivalent professional qualification (current license preferred).

Masters in risk management or related healthcare field preferred.

CPHRM (Certified Professional Healthcare Risk Management) certificate preferred.

Minimum of 3 years recent experience in Clinical Risk Management & Patient Safety.

Knowledge of managing clinical risk within a healthcare setting.

Experience of influencing at a strategic level.
