Company: Unique World Robotics

Location: Dubai

Category: healthcare-practitioners-and-technical

Company Description

Unique World Robotics is an educational ecosystem that provides guidance and exposure to real-world Robotics. From primary school students to working professionals, anyone can learn to build a fully functional robot, including humanoid robots, industrial robots, drones, and Lego Robotics. The company is based in Dubai, UAE.

Role Description

This is a full-time on-site role for a Robotics Coach. The Robotics Coach will be responsible for day-to-day tasks associated with the role, such as providing guidance to students, creating lesson plans, and conducting hands-on training sessions. The Robotics Coach will help students build fully functional robots and encourage their interest in STEM fields.

Qualifications

Robotics, Programming, and STEM skills

Excellent communication and teaching skills

Experience in training and coaching students, preferably in Robotics or related fields

A bachelor's degree in Robotics, Computer Science, or a related field is required

Experience in managing and organizing events related to Robotics competitions or exhibitions is a plus
