

SAP Enterprise Solution Architect

[Apply Now](#)

Company: Michael Page

Location: dubai

Category: other-general

You will play a pivotal role in shaping the future of our client by designing, implementing, and supporting SAP S/4 HANA solutions. You'll be the bridge between business stakeholders and technical teams, translating business needs into effective IT strategies.

Client Details A leading organisation is undergoing a major transformation by implementing SAP HANA.

Description Partner with business leaders to uncover their requirements and translate them into optimised SAP S/4 HANA strategies. Empower business functions through process mapping, data management, testing, and user training initiatives. Analyse current and future state processes, aligning them with cutting-edge SAP S/4 HANA best practices. Collaborate with the SAP SuccessFactors and ARIBA teams to translate business scenarios into effective technical solutions. Become an expert advisor on SAP S/4 HANA, SuccessFactors, ARIBA, Analytics, and other relevant technologies.

Profile A Bachelor's degree in Information Technology, Computer Science, or a related field. Over 15 years of experience in successful SAP implementations, demonstrating expertise in both functional and technical aspects. Proven certification in SAP Activate Methodology and a deep understanding of SAP best practices across various modules and products. A thorough grasp of SAP S/4 HANA modules (Finance, Supply Chain, Manufacturing, Sales & Distribution, Extended Warehouse Management). Solid understanding of SAP S/4 HANA architecture, data models, Fiori applications, and integration technologies. Must be based in the UAE.

Job Offer This is a unique opportunity to join a leading organisation and play a key role in a transformative project. If you are a seasoned SAP professional with a passion for innovation and a proven track record of success, we encourage you to apply!

Skills SAP, HANA
