Responsibilities :

Provide technical support for the SAP FI+CO modules, including troubleshooting and issue resolution for both end-users and technical team members.

Work closely with end-users and other stakeholders to understand and address their Finance related needs. This includes providing recommendations to improve the FI+CO process and identifying areas for system optimization.

Provide support for SAP FI+CO-related requests, including assistance with user account management, system access, and defects resolution.

Work with technical team members to identify and prioritize requests for system enhancements.

Manage and maintain SAP Finance applications, including configuration and customization of the applications to meet the needs of the business.

Collaborate with cross-functional teams to support program delivery efforts, including testing, training, and documentation. This includes working with the technical team to ensure that SAP

FI+CO modules are properly integrated with other enterprise systems.

Apply Also Distribution Controller (GDS & NDC) Jobs in Abu Dhabi | Etihad Airways
Requirement

Proven experience in SAP FI+CO deployment projects and template rollout projects, including knowledge of integration points of SAP FI+CO in S/4 HANA systems.

Solid practical knowledge of R2R business processes, experience should ideally cover advanced Finance sub-domains, e.g. Treasury, Reporting, or Funds Management.

Experience with planning and budgeting, using SAP BPC, would be highly welcome

Minimum of 5 years of experience in SAP FI+CO technical support and implementation
