

Section Head - Incident Response and Threat Hunting

[Apply Now](#)

Company: Michael Page

Location: United Arab Emirates

Category: other-general

The Role

You will be responsible for building and implementing a comprehensive security program that identifies, investigates, and remediates cyber threats before they can cause significant damage. You will also play a key role in developing and mentoring a team of talented security professionals, fostering a culture of collaboration and continuous learning. Client Details A prominent, leading organisation in the region driving interesting and exciting transformation initiatives in the region. Description * Lead and manage the Incident Response and Threat Hunting team, providing strategic direction and ensuring alignment with organisational security objectives. * Develop and implement comprehensive incident response plans and procedures, ensuring timely and effective response to security incidents. * Conduct proactive threat-hunting activities to identify and neutralise potential threats before they can impact critical systems and data. * Analyse and investigate security incidents, determining root causes and taking appropriate corrective actions. * Collaborate with other security teams and stakeholders to ensure a coordinated and effective response to cyber threats. * Stay up-to-date on the latest cyber threats and trends, implementing new technologies and methodologies to enhance the team's capabilities. * Develop and deliver training programs to security staff on incident response and threat-hunting best practices. * Mentor and coach team members, fostering a culture of continuous learning and professional development. Job Offer * Opportunity to work on challenging and impactful projects. Make a real difference in protecting the organisation from cyber threats.

Requirements

- * Minimum of 10 years of experience in cybersecurity, with at least 5 years in a leadership role.
- * Proven experience in incident response and threat-hunting methodologies. * In-depth knowledge of cyber security frameworks and best practices.
