### Senior Accident Investigator | Federal Transit Administration Abu Dhabi

Since 1964, FTA has partnered with state and local governments to create and enhance public transportation systems. Today, we invest more than \$20 billion annually to support and expand public rail, bus, trolley, ferry and other transit services. That investment has helped modernize public transportation and extended service into small cities and rural communities that previously lacked transit options.

This position is in the Office of Transit Safety & Oversight (TSO), Office of Safety Oversight and Compliance (TSO-20). You will lead the scheduling and scoping of accident investigations and the execution of onsite and remote accident investigation activities as the FTA Investigator In Charge (IIC).
