## Senior Associate Jobs in Dubai | Publicis Sapient

[Apply Now](#)

Company: Publicis Sapient

Location: , Dubai, United Arab Emirates

Category: other-general

### Description:

End-to-end program management of all digital projects from inception to go-live, including process mapping and project reporting.

Assist in running client relationships, client meetings, and client workshops

Develop relationships with our client and vendor partners. Provide day-to-day contact for clients on track related communications and foster teamwork with UX, Content, Technology and SME's for project delivery

Lead project estimations and staffing and ensure that projects complete according to schedule and within budget

Handle a project life-cycle from beginning to end –seeing the big picture as you go while maintaining reliability and continual follow-through

Establish and maintain processes to run scope over the project lifecycle.

### Job Requirements:

At least 5 years project management experience in successfully delivering marketing and technology solutions; consulting and digital experience preferred.

Solid grasp of project management methodology including the ability to identify and resolve issues, handle risk, develop detailed work plans and specifications, perform resource allocations and run team meetings.

Familiarity with Enterprise Content Management systems (Adobe, Sitecore, Drupal), content and data migration, the ins and outs of branded websites and responsive web design.

Knowledge of software creation processes, web technologies, web development processes and the delivery of solutions with creative and engineering components.

Comfort with Agile work practices. You are able to run effective standups, reviews, retrospectives, and sprint planning and releases.

Personality! Should have a sense of humor and be able to see the funny side of life. An enthusiastic participant and a thoughtful observer when the moment calls for it.

Cool in unpredictable circumstances. Thrive in ambiguous environments, and in informal, loosely structured work environments.

You get your stuff done and know how to give proper estimates.
